- ❖ Minimal Time on Stain Required
- ❖ Pleasant Smell

Physical Properties

Appearance	Clear Colorless to Yellowish
Odor	Mild Fragrance
pH range	12.8 - 13.2
VOC	None

Directions for Use

For **Stain Removal** spray the cleaner on the surface to be cleaned. Depending on stains to be cleaned, wait 1-3 minutes or until the stain disappears. Wipe with soft cloth and rinse with water.

Heavily Soiled Surfaces spray or apply the product on the soiled surface. Agitate grout line with brush to loosen debris and allow to stand 5-10 minutes. Repeat as necessary and rinse thoroughly with water.
